ORDER

3/2/2015

A February 25, 2013 Amended Order Regarding Deposition Protocol stated that "all parties . . . shall have the right to depose, prior to the witness's live testimony at trial . . . , any witness designated to testify at trial . . . who has not previously been deposed." On February 27, 2015, FHFA submitted two letters regarding depositions. One letter concerns the length of time for depositions of defendants' trial witnesses who have not yet been deposed. The other letter seeks a protective order limiting the time and scope of the depositions of three FHFA witnesses. Defendants submitted a responsive letter on March 2. Accordingly, it is hereby

ORDERED that FHFA's requests in these two February 27
letters are GRANTED.
